Five years of service warranty from Ampleton Power Solutions Pvt Ltd.

Monthly System health Checking during the warranty period.

Minor Maintenance

Latest technology

Latest Technology

Since we have total in-house Engineering team of experts we tailor make the design as per clients' needs. The latest technology will be included in the design to give best possible and technical way. You will hear the latest technology first from US.

Financial Break-up

Cost of 1kw of Solar to installation	= Rs. 55,000
No.of Units Generated from 1kw Solar	= 5 Units
No.of Solar days in year (Removing 60 Cloudy days)	= 300 days
No.of Units Generated per year	= 300 days x 5Units = 1500 Units/Anum
No.of Units Generated in Lifetime (25 years)	= 1500 x 25 years = 37,500 Units
Cost of Generation of Unit	= $\frac{55000}{37,500}$ Cost of Installation Gross Units = Rs. 1.46/Unit

How does it Works

- Installation of Solar is as simple as stated below!
- Site inspection by Ampleton Team.
- You will be provided detailed technical report, Savings & Benefits of Solar Installation.
- Approvals from DISCOM Authorities.
- Proceed to Installation.

Differences Between DISCOM & SOLAR

Domestic (Telescopic)	AP DISCOM	SOLAR
0-30	1.90	1.46
31-75	3.00	1.46
76-125	4.50	1.46
126-225	6.00	1.46
226-400	8.75	1.46
>400	9.75	1.46

Commercial & Others	AP DISCOM	SOLAR
0-50	5.40	1.46
51-100	7.65	1.46
101-300	9.05	1.46
301-500	9.60	1.46
Above 500 Units	10.15	1.46
